VACANCY: CONSTRUCTION SURVEYOR / ESTIMATOR

Quarry Hills Excavation & Gravel Ltd.

Position: Construction Surveyor / Estimator
Date posted: 7 July 2026
Location: Brandon, MB
Closing date for applications: The position will remain open until filled
Start date: As soon as possible

About the Role

Quarry Hills Excavation & Gravel Ltd. is one of Westman's fastest growing civil contractors, specializing in excavation, sewer & water infrastructure, earthworks, and gravel services. We are seeking a detail-oriented Construction Surveyor / Estimator to join our growing team.

This role combines field surveying with estimating and project support, making it an excellent opportunity for someone who enjoys both fieldwork and office-based planning. Working closely with our operations and project management teams, you'll help ensure projects are accurately surveyed, measured, estimated, and delivered efficiently from planning through completion.

Requirements

- Experience in construction surveying, civil construction, geomatics, estimating, or a related field.
- Proficiency operating modern surveying equipment (GPS, total station, or similar).
- Strong understanding of surveying principles, construction layouts, and quantity calculations.
- Experience with AutoCAD, Civil 3D, or similar software is considered an asset.
- Strong mathematical, analytical, and problem-solving skills.
- Excellent organizational skills with strong attention to detail.
- Ability to manage multiple priorities in a fast-paced environment.
- Strong verbal and written communication skills.
- Ability to work independently and collaboratively with project teams.
- Valid Class 5 driver's licence and reliable transportation.
- Ability to lift up to 50 lbs and work outdoors in varying weather conditions.

Key Duties:

- Perform construction layout and field surveying using GPS and surveying equipment.
- Establish and maintain accurate project control points.
- Conduct grade checks and verify elevations throughout construction.
- Complete quantity takeoffs and field measurements to support estimating and project progress.

- Assist in preparing estimates for excavation, sewer & water, and earthworks projects.
- Review construction drawings, specifications, and site conditions.
- Collaborate with project managers, supervisors, and field crews to ensure designs align with site conditions.
- Prepare and maintain accurate survey records, reports, and documentation.
- Manage and convert survey data using software such as AutoCAD, Civil 3D, DWG, CSV, and related formats.
- Assist with project planning, permitting, and ongoing project support as required.

Compensation and Benefits

- We offer competitive wages and a benefits program. Wages to be discussed based on experience.
- A dynamic, community-focused workplace.
- Group benefits.
- Company-matched RRSP.
- Free gym membership.

How to Apply

- Send your resume and cover letter to recruitment@quarryhillsexcavation.com
- **IMPORTANT -** please use the subject line: **QHCARM-Surveyor**
    - *Applications without the correct subject line may not be reviewed*.

We thank all applicants for their interest in joining Quarry Hills. **Only candidates selected for an interview will be contacted.** If you do not hear from us within two weeks of submitting your application, please consider your application unsuccessful.
